General Many wherries on census night could have been on passage or moored well away from the routes of enumerators as they also could have been when each Household's form was distributed in the days prior to census night and collected afterwards. Wherry names are rarely recorded.

Answers (rare) to the question 'Whether blind or deaf and dumb' are included in the 'Comments' column below.

Only 15 'wherryman' were noted in Norfolk and one in Suffolk. I have not distinguished between the descriptions 'waterman' and 'water man' etc.

Occupations Robert Simper says, in *Norfolk Rivers and Harbours* (1996), 'In recent times the crew of a wherry have been called skipper and mate, but the old practice was to call them wherryman and waterman.' From my research I would say that 'waterman' could include both skipper and mate.

The search terms 'waterman', 'boatman', etc are **not proof of connection with wherries**, but have been included where place of residence, family name etc might indicate it. I suspect 'waterman' covers a multitude of sins. I have ignored those living in King's Lynn, Downham Market, Ipswich, Sudbury etc, but included those in parishes along the River Blyth (see list at end).

Where a son is shown as following his father as a waterman etc, but both were at home or on board on census night, I have made separate entries for each.

One enumerator felt obliged to describe each member of a waterman's family as, for example, 'waterman's son' when the boy referred to was only one year old. I have not listed these separately unless the offspring was male and old enough to take charge of a wherry - a difficult age to define.

Probably a lot of the sail makers listed in Great Yarmouth or Lowestoft never made a wherry sail in their lives but it's impossible to tell, so I've included most of them.

Ages Unlike the 1841 census the age is noted as it was given, however people did not always get it right!

Mistakes Handwriting was different in 1841, varied enormously from one enumerator to another, and is often difficult to read.

There were mistakes made transferring information from the household forms (destroyed after being copied) to the enumerators' forms (available on line); there were many mistakes made in indexing for the digitised version, and there are sure to have been mistakes made by me, both reading and typing. Corrections and omissions please to alan@quanting.co.uk Thanks if you do.

Relationships For those reading this in the distant future there were only 2 genders recognised at this time.

Address For information about Norwich staithes and parishes see note at bottom of '1841 On boats' document.

All places mentioned were in Norfolk at the time unless otherwise stated. Southtown was added to Yarmouth in 1681, Gorleston became part of Norfolk in 1835, though some addresses in 1851 indicated Suffolk, and the border was moved south to add Fritton, Belton, Burgh Castle and Hopton only in 1974.

Birthplaces Often only a village is given, as Benjamin Annison; sometimes great detail, as William Alden

Please **do not** take this list as exhaustive or infallible.

* Barber, Kiturah: named after Keturah, the second wife of Abraham. (Genesis 25:1, 4)

* Bowles, Hephzibeth: Hephzibah on son Stephen's baptism entry in 1825. Mother of Manasseh, King of Israel. (2 Kings 21:1)

* Bull, Charles: daughter Hephzibah: Mother of Manasseh, King of Israel. (2 Kings 21:1)

* Cox. At Barton Common and Barton Staithe (virtually one village by 1851) there were 11 Cox households comprising 39 people, ranging from 1 to 64 years of age. Probably not unique, but striking all the same. J Wentworth Day in *Marshland Adventure*, 1950, p91 says: 'All Coxes come from Barton, the only other inhabitants of that village being Watts.' Not true, but, again, striking.

* Crowe, Hannah (wife of Robert): Place of birth in 1851 is given as Beavor; in 1861 it's Bawburgh; in 1871 it's Beevor and in 1881 it's Bawburgh. I favour Bawburgh.

* Gillingwater, James: on 1861 census he is on board and Master of the pleasure yacht, *Rivulet* (name uncertain)

* Harvey, James of Patterson's Court (no reference found) may be Harvey's Yard, which is not on 1884 map but shown on norwich-yards.co.uk

* Helsdon, Henry & Mary: my 3x great grandparents; George Helsdon is my 2x great uncle

* Smith, Uriah: Wife of Robert, apparently named after Uriah the Hittite (2 Samuel 11:3) as no other Uriahs appear in the bible. There is a 13 year-old boy with the same name in the 1861 census.

* Sykes, James: for info on this Infirmary see www.workhouses.co.uk/workhouses/england/norf/norwich_workhouse.htm

* Widdows, Jonathan: for info on this Infirmary see www.workhouses.co.uk/workhouses/england/norf/norwich_workhouse.htm

* Wright, Keziah: Job's 2nd daughter after his tribulations. (Job 42:14)

On boats on Census night, Sunday March 30th 1851

(?) = uncertainty (13) = age * = River Blyth parish

It is not always possible to tell if a person was on a boat as addresses were not as detailed as we are used to. For instance 'North Quay, Gt Yarmouth' could mean someone living in a house there, living on a boat there or someone on board on census night. Rarely the enumerator would write 'boat' or similar in the margin, but it was not in their instructions. The list below includes both certainties and doubtful cases.

Few boat names were noted. All the people below also appear on the main 1851 list of wherryman etc.

It is reasonable to assume that a woman on board sharing a surname and having a similar age, was the wherryman's wife, married or not. I have not checked.

When, as in the case of St Peter Southgate, Norwich, there is just a list of names, it is impossible to tell if a person was alone on board a wherry or barge, so I have not indicated anything. In some cases it is obvious from what is included in the main list and I have shown that there.
